

THE DIAL HOUSE is a market town restaurant with 8 iconic bedrooms and an in house retail wing which means 'everything is for sale'.

Bistronomy - fine produce, not fine dining. We work directly with farmers and producers to supply us with the best our region has to offer. Our menus are constantly evolving to reflect what comes into the kitchen from our suppliers as the seasons change. We cook over sustainably sourced charcoal on our Bertha oven to give our handpicked produce a unique flavour.
